PROFESSIONAL SUMMARY

Frontend Developer specializing in building responsive, scalable, and high-performance web applications using **React.js**, **Next.js**, and **Redux Toolkit**.

Experienced projects, integrating front-end with back-end APIs, and optimizing user experience with clean, maintainable code.

Skilled in team collaboration, mentoring, and delivering projects on time using agile workflows.

EDUCATION

Mansoura University – MET Academy

Sep 2023 – May 2027

Bachelor of Computer Science

Egypt

- Relevant coursework includes Programming Fundamentals, OOP, Data Structures, and Web Development.

COMPUTER SCIENCE COURSEWORK

- Basics Programming
- Data Structures
- Systems Programming
- Object-Oriented Programming
- Algorithms
- Web Developing

EXPERIENCE

Digital Egypt Pioneers Initiative (DEPI)

Jun 2025 – Dec 2025

Frontend and Backend Developer Intern

6-month online internship with multiple projects

- Developed front-end applications using HTML, CSS, JavaScript, and React.js with responsive design.
- Integrated front-end with back-end APIs using Node.js and Express.js, handling authentication, tokens, and password hashing.
- Worked with Google Firebase to manage user data across web platforms.

Frontend Bootcamp (Online)

Jun 2024 – Jan 2025

Front End Developer

Intensive online training with multiple projects

- Completed intensive online bootcamp covering HTML, CSS, JavaScript, React.js, and responsive design.
- Learned to make API requests and handle authentication with tokens.

PROJECTS

E-Commerce Jinstore

React Js, Advanced Frontend, Express Js, MongoDB

- Developed full-stack e-commerce platform supporting 1000+ products and 500+ daily active users.
- Implemented backend with user roles (admin, vendor, user), authentication, authorization, token creation, and password hashing, reducing login errors by 30%.
- Integrated frontend with backend using contexts and API calls, handling token sending and verification for 100% secure transactions.
- Advanced frontend features: role-based UI, state management, and secure access control across 3 user types. [Live Demo](#)

Exclusive E-Commerce

React Js, Redux Js, Tailwind Css, Firebase

- Implemented shopping cart, authentication, and form validation for 200+ simulated users.
- Managed global state using Redux Toolkit, improving performance and maintainability of the app. [Live Demo](#)

Tiba Care

React Js, Tailwind Css, Spring Boot, PostgreSQL

- Developed medical dashboard with JWT authentication and full CRUD operations handling 50+ patient records.
- Integrated frontend with backend, including real-time alerts and email notifications, reducing manual follow-up by 40%. [Live Demo](#)

TECHNICAL SKILLS

Frontend: HTML, CSS, JavaScript, TypeScript, React.js, Next.js, Responsive Design, Bootstrap, Tailwind CSS, Redux.js

Backend: Node.js, Express.js, RESTFUL APIs

Database: SQL, MySQL, MongoDB, Firebase

Version Control and Tools: Git, GitHub, Postman

Programming Languages: C++, Python, C#, C, Php, Dart

Soft Skills: Problem-solving, Communication, Teamwork, Adaptability, Creativity, Attention to Detail
